

MHSC FACILITY USE & PARKING GUIDANCE FOR CONTESTANTS

Dale Pahlke Arena at the Dakota Community Bank & Trust Rodeo Grounds

- **PARKING** — Contestant parking is north of the arena. Do not park in spectator area southeast of arena or on off-site properties that are not under ownership of the Mandan Park District.
- **STAY OFF THE HEART RIVER DIKE** and do not ride horses across the street.
- **CAMPING SPOTS** — Map at <http://www.dacotahspeedway.net/fans/campground.aspx>.
 - No parking in utility spaces without reservation and payment. An end or double space is generally needed to tie or pen horses by trailer.
 - Other than for the June 25 barrel racing, July 1-4, and high school rodeos, reserve online at the link above or contact stock car rep Casey Martins, 701-202-8315.
 - One month before high school rodeos, specific instructions and fees will be posted to the MHSC Facebook page, www.mandanhorseandsaddle.com and NDHSRA website.
 - The stock car association may have already rented some spots to non-contestants. Please avoid riding horses near campers.
- **PENNING OF HORSES** — Not inside chain link fence; gates are locked overnight. Moderate sizes pens allowed in designated parking area by trailers (but not around trees). Clean-up required.
- **PENNING AROUND TREES & TYING HORSES TO TREES PROHIBITED** — Bark damage may expose trees to disease.
- **MANURE CLEAN-UP REQUIRED** — Look for wheel barrows and manure forks at 2-3 dumping stations setup during events for deposit of manure and hay from around your trailer, or place in your trailer. No piles left behind.
- **WATER HYDRANTS** — At west entrance gate to speedway and along west fence near cattle holding pens.
- **ARENA GATES** — Contestants enter arena on NW corner for roping events and north center gate for speed events.

The Mandan Rodeo Days Organization and Mandan Horse and Saddle Club intend to set up pens during the summer of 2023 for rental. Stay tuned to the MHSC Facebook page and website for updates.
